

Every Diaper Counts:

How You Can Help Solve Diaper Need

1 in 3

U.S. families struggle to provide clean diapers for their baby

It's easy to help these families get the diapers they need. Here's how:

Support the National Diaper Bank Network and its member diaper bank programs by making a monetary contribution.

Visit a local diaper bank to drop off diapers and baby wipes, or host a diaper drive with your neighborhood, school or a local organization.

If you're a Huggies Rewards member, pay your Huggies Rewards Points forward with a donation to the National Diaper Bank Network.

Since Huggies became a founding sponsor of the National Diaper Bank Network in 2011, they've donated 200 million diapers – and counting – to babies in need.

We can support more families with your help!
